

## Principles of Ethical Behaviour

- 1) The well-being of the patient must be the primary concern.
- 2) Recognize your limitations and the skills of others in the care and treatment of the patient.
- 3) Protect and maintain patient confidentiality.
- 4) Teach and learn.
- 5) Remember that integrity and professional ability should be your best advertisements.

## Responsibilities to the Patient

- 1) Provide care based on human need with respect for dignity.
- 2) Provide care within scope of practice and to the best of the registered members ability, seeking consultation where necessary.
- 3) Protect and maintain the patient's safety, dignity, and privacy.
- 4) Hold in confidence all personal information entrusted to the member in the prehospital healthcare setting respecting the patient unless failure to disclose would endanger the patient, a third party or the disclosure is required by law.

## Professional Responsibilities

- 1) Must behave beyond reproach and report and incompetent, illegal, or unethical conduct by colleagues or healthcare personnel to MFR Registrar.
- 2) Conduct and present yourself professionally, to encourage and merit the respect of the public for members of the EHS MFR Program
- 3) Refrain from disparaging the reputation of any colleague.
- 4) Assume responsibility for personal and professional development.
- 5) Must not use the members profession, knowledge, or skills for unethical gain.
- 6) Observe the rules of professional conduct set out in this Code in spirit, as well as the well-being of the community.
